25880	Natural and marine environments
25980	Noise

Sites and soils

26050	Analysis, measurement, monitoring
26200	Ground water treatment
26240	Sites remediation/ Decontamination works
26260	On site treatment
26310	Soil treatment with excavation
26350	Protection and development of natural environments
26400	Desertification
26450	Diagnostic, project engineering, studies and consultancy

Services and sustainable development

26620	Town planning, green spaces
26650	Furniture
26660	Law firm, lawyer, environmental lawyer
26680	Audits and diagnostics
26690	Certification, standardization and labelling
26720	Environmental management
26780	Regulatory studies
26800	Project engineering
26850	Software
26880	Economic feasibility studies
26890	Insurance
26900	Banks / Venture capital / Funding
26910	Commercial delegations

Agencies, authorities, research institutes

26970	Administrations and local authorities
26980	Development agencies
26990	Company set up assistance, assistance in corporate projects
27020	Public research centres
27040	Public establishments and services
27060	International organizations
27070	Professional bodies
27080	Cluster
27130	Industrial estates, environment industry park

General regulations

GENERAL PROVISIONS

Article 1 - General

Specifications concerning the organization of the Exhibition, in particular its opening and closing dates, its location, its opening hours and admission price are decided and may be modified according to the will of the organizer. In the event of an extension, exhibitors who so request, may be authorised to close their stands on the date initially agreed, but they may not remove products on display nor change the appearance of the stand before the date fixed by the Exhibition organizer. If for major, unpredictable or economic reasons, the Exhibition cannot be held, exhibitors' applications will be cancelled and sums available, after payment of expenses incurred, will be distributed between the exhibitors, pro rata to the sums deposited by each of them. The exhibitor shall undertake to respect, and make respected, the measures of the Exhibitor's Handbook. The exhibitor is responsible to the organizer for non observance of the schedule of conditions ("le cahier des charges") established by the owner or the main tenant of the site placed at the disposal of the Exhibition organizer. The organizer is not liable for any consequences arising from the enforcement of the provisions of these general regulations.

PARTICIPATION

Article 2 - Conditions for participation

The organizer determines the categories of exhibitors and establishes the list of products and/or services exhibited. An exhibitor may present only equipment, products, processes or services manufactured or designed by him, or for which he is an agent or distributor; in the latter case, he must attach to his application, the list of brands whose products he intends to exhibit or whose services he intends to present. After consideration, the organizer may exclude products and/or services which do not appear to him to correspond to the aim of the Exhibition, or allow the presentation of products and/or services which do not appear on the list but which may be of benefit to the Exhibition. Sales comprising immediate on-site delivery to the buyer are prohibited. In pursuance of the regulation concerning authorised exhibitions, any exhibitor agrees to exhibit only products or equipment in conformity with French regulations, except for products or equipment destined for use exclusively outside French territory. Moreover, any exhibitor agrees not to proceed with any advertising liable to induce into error or to constitute unfair competition. The products and services presented by the exhibitors must comply with law and order and the laws in effect. For this reason, it is strictly forbidden to exhibit products illicit or proceeding from illicit activities. It is also forbidden for unauthorized person, under the law, to propose services and products which do not comply with the relevant regulated activities by the law. Any violation of these provisions may result in legal proceedings against the offending exhibitor, without measure which could take the organizer to cease the disorder.

Article 3 - Applications

Any person wishing to exhibit must present an application of participation to the organizer. Unless the organizer does not accept the application, the submission thereof shall be a binding and irrevocable undertaking to pay the full price of the stand hire and associated costs.

Article 4 - Control of admissions

The organizer is not obliged to justify his decisions concerning applications. In the event that participation is refused, any sums paid by the party having presented an application of participation will be repaid, after deduction of administrative expenses incurred by the organizer and which remain due to him. The same provision applies to a party having presented an application of participation placed on the waiting list, to whom a stand cannot be allocated for lack of available space when the Exhibition opens.

Acceptance of the application is confirmed by the reply from the organizer to the exhibitor. This reply may be in the form of an invoice addressed to the exhibitor. Despite initial acceptance by the organizer and even after allocation of a stand, an application of participation from an exhibitor whose affairs are, for whatever reason, administered by, or with the assistance of a trustee in bankruptcy, is null and void. This applies particularly to any application by a company filing a petition in bankruptcy between the date of the application and the Exhibition opening date. However, where a company is authorised by a court to continue its operations, the organizer may, of his will, decide to maintain the application.

Article 5 - Assignment / Sub-letting

Without the organizer's prior consent in writing, an exhibitor shall not transfer sub-let or share, with or without payment, all or part of his concession within the Exhibition. Nevertheless, several exhibitors may be granted joint authorisation to make a group presentation, providing each of them should submit a prior request for the approval to the organizer and sign an application for joint-participation.

Article 6 - Withdrawal

In the event of withdrawal or non-occupation of the stand for whatever reason any sums paid and/or due in whole or in part towards the hire of the stand, shall retained by the organizer, even if the stand is let again to another exhibitor. An exhibitor shall be deemed to have withdrawn if, for any reason whatsoever he should fail to take possession of his stand 24 hours before the day on which the Exhibition is due to open. The organizer may therefore dispose of the defaulting exhibitor's stand and the latter shall have no right to claim a refund or compensation, even if the stand is allocated to another exhibitor.

FINANCIAL CONDITIONS

Article 7 - Price

The price of stands is decided by the organizer and may be revised by the organizer if there is a modification to its components, including but not limited to variations in the cost of materials, labour, transportation and services as well as tax and social charges.

Article 8 - Payment conditions

Payment for hire of the stand and other associated costs is to be made by the settlement dates and by methods fixed by the organizer and notified to the exhibitor in the Exhibition information package. For any late application of participation, the first payment is equal to amounts already due at the date of receipt of the application. The same provision applies to exhibitors on the waiting list who are allocated a stand which becomes vacant.

Article 9 - Failure to pay

If an exhibitor should fail to pay on due dates and by the specifications stipulated in the preceding article, the organizer shall be entitled to apply the conditions contained in article 6 "Withdrawal".

STANDS

Article 10 - Allocation of stands

The organizer establishes the layout of the Exhibition and allocates sites at his free will, taking into account as far as possible, the wishes expressed by the exhibitor, the nature of the products and/or services which he is presenting, the layout of the stand he proposes to install as well as, if necessary, the date on which the application was registered and the exhibitor's seniority in applying to the Exhibition. The organizer may modify the size and layout of the area requested by the exhibitor. Such modification shall not entitle the exhibitor to unilaterally terminate his engagement to participate. An exhibitor is notified of the location of the stand allocated to him by means of a layout. This layout gives the characteristics of the stand as precisely as possible. Where possible, it is the exhibitor's responsibility to verify the conformity of the layout before setting up his stand. The organizer is not liable for any difference between the characteristics given on the layout and the actual measurements of the stand. The layout shows the general layout of the other stands surrounding the site allocated. These indications, valid on the date the layout is drawn up, are given for information only and are liable to modifications which may not be able to be communicated to the exhibitor. Any claim concerning the location set out in the layout must be presented within one week. After this time limit, the location proposed shall be deemed accepted by the exhibitor.

Article 11 - Installation and decoration of stands

Stand installation is in accordance with the plans drawn up by the organizer. Stands with floor are forbidden. They shall comply with safety regulations issued by the public authorities and adhere to the general layout for decoration and signage drawn up by the organizer. In the same way, the organizer decides on the conditions in which photography or sound recording is authorised within the confines of the Exhibition. The organizer reserves the right to require that any fitting detrimental to the general appearance of the Exhibition, to neighbouring exhibitors or the public, or which does not conform to the layout and model submitted for his prior approval, shall be removed or modified. The organizer may withdraw an authorisation already given in the event of hindrance caused to neighbouring exhibitors, to circulation or to the running of the Exhibition.

Article 12 - Deinstallation

The organizer declines all responsibility for structures or installations built by exhibitors. Exhibitors shall accept and leave the sites as delivered, and shall be liable for any damage, in particular to venue halls and venue equipment, caused by themselves or by their installations, equipment or goods.

TIME LIMIT FOR STAND ERECTION AND REMOVAL

Article 13 - Assembly and dismantling

The organizer determines the programme for erection and installation of the stands prior to the opening of the Exhibition. He also fixes dates and times for dismantling the stands, and removing equipment, materials and products as well as deinstallation of the site at the end of the Exhibition.

Article 14 - Specific authorisations

Any installation of machines, equipment or structures which cannot be carried out without using space allocated to another exhibitor may only be done with the authorisation of the organizer and on the date fixed by him.

Article 15 - Goods

Each exhibitor provides for transport and reception of goods sent to him. He must act in accordance with the organizer's instructions concerning the delivery and dispatch of goods, particularly with regard to vehicle circulation within the confines of the Exhibition. Under no circumstances shall products and materials brought to the Exhibition, leave the Exhibition until it has ended.

CLEANING

Article 16 - Cleaning

Each stand is cleaned in accordance with the conditions and at times notified by the organizer to the exhibitor.

INSURANCE

Article 17 - Civil liability insurance

The insurance of the organizer covers civil liability only. Any other Insurance (covering the goods intended to be presented for example) is highly recommended and is at the charge of the exhibitor.

Article 18 - Customs

Each exhibitor must complete the customs formalities for equipment and products sourced from abroad. The organizer shall not be liable for any difficulties that may arise during these formalities.

Article 19 - Intellectual property rights

The exhibitor ensures the Organizer that he had obtained all Intellectual Property Rights held in equipment or products/creation/trade mark which he exhibits or permission for this exhibition. The organizer will accept no responsibility in this regard. The exhibitor allowed the Organizer as a favour to reproduce and utilise equipment or products/creation/ trade mark which he exhibits, in all the communication tools of the trade show (Internet web site show's official catalogue, invitations, plan, promotional video, newsletter, etc.) and all tools used to promote the exhibition (picture taken on the exhibition destined to be published in a newspaper or on Internet, TV program dealing with or shot on the exhibition...). The exhibitor ensures the Organizer that he had obtained permission for the uses above mentioned. The organizer will accept no responsibility in this regard.

CATALOGUES

Article 20 - Catalogues

The organizer reserves the exclusive right to publish and sell the catalogue of exhibitors, together with the advertising which appears in the catalogue. He may subcontract all or part of this right. The information necessary for the writing of the catalogue is furnished by the Exhibitors who are responsible for all information they supply for entry in the catalogue. The organizer cannot be held responsible for any omissions or errors in reproduction or composition or any other mistakes which may occur. The organizer reserves the right to modify, remove or group entries wherever he judges this to be useful as well as to refuse an entry to or modify texts for paid advertisements if they may cause harm to other exhibitors.

ADMISSION PASSES

Article 21 - "Exhibitors passes"

"Exhibitors passes" giving right of entry to the Exhibition subject to the conditions fixed by the organizer are issued to exhibitors.

Article 22 - Invitation cards

Invitation cards intended for visitors whom the exhibitors wish to invite are issued to exhibitors subject to the conditions fixed by the organizer. Only passes, invitation cards and entrance tickets issued by the organizer give right of entry to the Exhibition.

SAFETY

Article 23 - Safety

The exhibitor shall undertake to respect all safety measures imposed by administrative or legal authorities, as well as any safety measures which may be taken by the organizer. The organizer reserves the right to verify that these measures are respected. Surveillance is carried out under the control of the organizer; his decisions concerning the application of safety regulations are implemented immediately.

APPLICATION OF THE REGULATIONS - DISPUTES

Article 24 - Application of the regulations

Any violation of the provisions of the present regulations or internal regulations issued by the organizer may result in the exclusion of the offending exhibitor even without prior warning. This applies, specifically, to non conformity of stand fittings, failure to comply with safety regulations, failure to occupy the stand, display of products which do not conform to those stated in the initial application, sale of goods with immediate on-site delivery to the purchaser. An indemnity is then due from the exhibitor as damages and as reparation for moral or material harm suffered by the Exhibition. This indemnity is at least equal to the sum still due by the exhibitor to the organizer, without prejudice to any additional damages which may be demanded. The organizer requires, in this respect, the right to retain exhibited products and furniture or articles of display belonging to the exhibitor.

Article 25 - Modification of the regulations

The organizer reserves the right to give a ruling on all cases not provided for within the present regulations and to add new provisions whenever he believes this to be necessary.

Article 26 - Disputes

In the event of a dispute, the exhibitor undertakes to submit his claim to the organizer before taking any other action. The exhibitor formally agrees that any legal action undertaken in less than fifteen days from the date of this submission is declared inadmissible. In the event of dispute, the courts seated in the area which includes the
